ABOUT ME

Motivated CSE undergraduate specializing in software development and UI/UX design. Skilled in HTML, CSS, Java, Python, and design tools like Figma and Canva. Eager to contribute to innovative tech projects and build user-centered digital experiences.

EDUCATION

2019- 2021 IDEAL COLLEGE DHANMONDI | HIGHER SECONDARY CERTIFICATE
GPA: 5.00

2022- Present UNIVERSITY OF ASIA PACIFIC | CSE UNDERGRADUATE
As a third-year CSE undergraduate passionate about software development and UI/UX design, I have gained hands-on experience through a Java-based project in my second year, which deepened my understanding of software development. I am now exploring opportunities to expand my skills and contribute to innovative tech solutions.

MY WORKS

- SAJEB (E-BIKE WEBSITE)
A responsive website for showcasing electric bike products in Bangladesh.
- SAJTRIP (TRAVEL LANDING PAGE)
A modern travel website featuring search and booking functionalities with login-based features.
- FOODFORYOU (FOOD WEBSITE)
A visually engaging food ordering website designed using Figma.

SKILLS

- Programming: HTML, CSS, Java, Python, C, MySQL
- Design: Figma, Canva, CapCut (video editing), Photo Editing
- Others: Social Media Management, UI/UX Principles
